To Whom It May Concern:

I am writing on behalf of Goslyn Grease Interceptors (GGI). In 2008 we were presented with the opportunity to replace our old grease trap system with a GGI. The change was a definite improvement and one welcomed by staff as it was a much cleaner and more efficient approach to removing the grease from the restaurant. Our restaurant seats 200 guests and we would definitely recommend the GGI to anyone in foodservice or hospitality.

Yours truly,
